Continuance of the services of the Revenue Surveyors attached to this Circle.

With reference to your D.O.No.146-48 dated 30/8/1945, I have the honou to state that 10 acquisition cases relating to restoration of minor tanks and 4 casesrelating to restoration of Major tanks are now pending in the Division. In addition more than 20 tanks will be generally taken up for restoration or improvement in the Division for which acquisition proceedi have to be taken up every year.

The first and sedond stage, works of the Chord Road from Yesvanthapur to Bangalore Magadi Road are taken up and heavy acquisition is necessary. Unauthorised constructions of houses in and encroachement of road margin are also frequent occurrances and all of these require detailed surveys wi with reference to original tippanies and phoot-phanies etc., which can quickly be dealt with only by Revenue Surveyor and the services of a Revenue Surveyor are therefore permanently and absolutely required to ensure prompt and systematic disposal of cases and to avoid unnecessary correspondence and complications in future.

The Revenue Surveyor who was posted to this Office evinced no interest and applied for leave and went away before he did any work in the Division. This work is now heavily in arrears. I, therefore, request that recommendation may be made for the permanent services of a Revenue Surveyor to the Division.

Sir,

Continuance of the services of 9 Revenue Surveyors beyond 30-6-1946.

With reference to Government Order No. P.W. 8534-36/Est. 92-45-4 dated 4-6-1946 according sanction to the continuance of the services of 9 Revenue Surveyors till the end of June 1946 and directing that they should be disbanded with effect from 1-7-1946, I have the honour to state that services of Revenue Surveyors are required beyond 30-6-1946 for disposal of acquisition cases. Revenue Surveyors attached to this Department have to deal with the Surveying of lands required for the restoration of tanks; for the formation of new roads and for the - construction of new buildings. Hence their services are required permanently. Pending further examination of the question, I request that sanction of Government to the continuance of the services of nine Revenue Surveyors till the end of June 1947 may kindly be obtained and communicated. Pending sanction to the above proposal, the services of Revenue Surveyors are being continued beyond 30-6-1946 and the - Comptroller of Mysore may kindly be authorised to pass their pay bills etc. The usefulness of this class of subordinate both are counted as per the Strength of Executive Staff sanctioned & do not increase

I have the honour to be,

Sir,

Your most obedient servant,

CHIEF ENGINEER FOR IRRIGATION.
